WHO WE ARE

SiFlex Tubes Ltd is the UK distribution arm of a trusted European manufacturer of premium dairy tubing.

We bring proven production excellence straight to the British dairy industry and keep the supply chain local and reliable.

You get the best of both worlds: the value of a direct manufacturer relationship with the ease of a local supplier.

We handle import logistics, so you can source high-performance tubing with confidence, backed by our commitment to excellent service.

Short lead times and reliable delivery straight from the manufacturer.

Premium quality at a fraction of the cost of silicon

Certified by the National Institute of Public Health for hygienic standards

Flexible Customization: Sizes, Lengths or Branding

OUR PRODUCTS

Explore our range of high-quality dairy tubing, offering the flexibility and durability of silicone at a lower cost.

MILK TUBES

Designed for flexibility, even in sub-zero conditions, our tubing ensures a smooth and efficient milking process in any condition. The transparent design provides clear visibility, making it easy to monitor the milking process with precision. Our tubing offers durability similar to silicone, ensuring long-lasting performance and reliability.

Available Sizes

Ø14mm x 24mm - 20m coil
Ø16mm x 27mm - 20m coil

PULSE TUBES

Our pulse tubes are crafted from the same distinctive material used in our milk tubes, ensuring exceptional quality and flexibility. Available in transparent or black, with the black tubes featuring up to 10% recycled content for an environmentally conscious option.

TWIN PULSE TUBES
